

the art and science of smart patch testing™

DM229: Tetracaine-HCl CAS#: 136-47-0

Patient Information

Your patch test results indicate that you have a contact allergy to tetracaine-HCl. Contact allergy may cause your skin to react when it is exposed to this substance, although it may take several days for the symptoms to appear. Typical symptoms include redness, swelling, itching, and fluid-filled blisters.

Where is tetracaine-HCl found?

Tetracaine-HCl is a local anesthetic used in doctor's and dentist's offices. You also find it often used with ophthalmologists.

How can you avoid contact with tetracaine-HCl?

Avoid products that list any of the following names in the ingredients:

- 2-(Dimethylamino)ethyl p-(butylamino)benzoate
- 2-Dimethylaminoethylester kyseliny p-butylaminobenzoove
- 2-Dimethylaminoethylester kyseliny p-butylaminobenzoove [Czech]
- 4-14-00-01172 (Beilstein Handbook Reference)
- Amethocaine
- Anetain
- BRN 2216051
- Benzoic acid, 4-(butylamino)-, 2-(dimethylamino)ethyl ester
- Contralgin
- Diaethylaminoethanol ester der p-butylaminobenzoesaure
- Diaethylaminoethanol ester der p-butylaminobenzoesaure [German]
- Dicain
- Dicaine
- Dikain
- Dimethylaminoethyl p-butylaminobenzoate
- EINECS 202-316-6
- Fissucain
- Intercain
- Laudocaine
- Medicaïne
- Medihaler-Tetracaine
- Meethobalm
- Metraspray
- Mucaesthin
- Niphanoid
- Pontocaine
- Rexocaine
- Tetracaina
- Tetracaina [INN-Spanish]
- Tetracaine
- Tetracainum
- Tetracainum [INN-Latin]
- Tetrakain
- Tetrakain [Czech]
- Uromucaesthin
- p-(Butylamino)benzoic acid, 2-(dimethylamino)ethyl ester
- p-Butylaminobenzoyl-2-dimethylaminoethanol

What are some products that may contain tetracaine-HCl?

Anesthetics

For additional information about products that might contain **tetracaine-HCl**, go to the Household Product Database online (<http://householdproducts.nlm.nih.gov>) at the United States National Library of Medicine. These lists are brief and provide just a few examples. They are not comprehensive. Product formulations also change frequently. Read product labels carefully and talk to your doctor if you have any questions. These are general guidelines. Talk to your doctor for more specific instructions.
