

Benzotriazole

CAS#: 95-14-7

Where is this allergen found?

Benzotriazole is used as a corrosion inhibitor and for silver protection in dishwashing detergents. It is also found in antibacterial, antifungal, and anthelmintic drugs.

How can you avoid contact with this allergen?

Avoid products that list any of the following names in the ingredients:

- 1,2,-Aminozophenylene
- 1,2,3-Benzotriazole
- 1,2,3-Triaza-1H-indene
- 1,2,3-Triazindene
- 1,2-Aminoazophenylene
- 1H-1,2,3-Benzotriazole
- 1H-Benzotriazole
- 2,3-Diazindole
- 4-26-00-00093 (Beilstein Handbook Reference)
- AI3-15984
- Azimidobenzene
- Aziminobenzene
- BRN 0112133
- Benzene azimide
- Benzisotriazole
- Benzotriazole
- Benzotriazole (VAN)
- Benztriazole
- CCRIS 78
- Cobratec #99
- EINECS 202-394-1
- HSDB 4143

- NCI-C03521
- NSC-3058
- U-6233

What are some products that may contain this allergen?

Liquids

- Dishwashing detergent

Prescription Medications

- Antibacterial
- Antifungus

For additional information about products that might contain this allergen, visit the Consumer Product Information Database (householdproducts.nlm.nih.gov) online at the United States National Library of Medicine. These lists are brief and provide just a few examples. They are not comprehensive. Product formulations also change frequently. Read product labels carefully and talk to your doctor if you have any questions. These are general guidelines. Talk to your doctor for more specific instructions.
