

the art and science of smart patch testing™

CL430: 1,3,5-tris(2-hydroxyethyl)-hexahydrotriazine CAS#: 102-97-13

Patient Information

Your patch test result indicates that you have a contact allergy to 1,3,5-tris(2-hydroxyethyl)-hexahydrotriazine. This contact allergy may cause your skin to react when it is exposed to this substance although it may take several days for the symptoms to appear. Typical symptoms include redness, swelling, itching, and fluid-filled blisters.

Where is 1,3,5-tris(2-hydroxyethyl)-hexahydrotriazine found?

This is an industrial bactericide and found often in cleaners and detergents.

How can you avoid contact with 1,3,5-tris(2-hydroxyethyl)-hexahydrotriazine?

Avoid products that list any of the following names in the ingredients:

- 1,3,5-Tris(2-hydroxyethyl)hexahydro-1,3,5-triazine
- 1,3,5-Tris(2-hydroxyethyl)hexahydro-s-triazine
- 4-26-00-00010 (Beilstein Handbook Reference)
- Actane
- BRN 0124982
- Busan 1060
- CCRIS 6246
- Caswell No. 481C
- EINECS 225-208-0
- EPA Pesticide Chemical Code 083301
- ETA 75
- Grotan
- Grotan B
- Grotan BK
- Grotan HD
- Hexahydro-1,3,5-triazine-1,3,5-triethanol
- Hexahydro-1,3,5-tris(2-hydroxyethyl)-s-triazine
- Hexahydro-1,3,5-tris(hydroxyethyl)triazine
- KM 200 (alcohol)
- Kalpur TE
- NSC 516387
- Onyxide 200
- Ottaform 204
- Rancidity control agent
- Roksol T 1-7

What are some products that may contain 1,3,5-tris(2-hydroxyethyl)-hexahydrotriazine?

Cleaners/Detergents:

- Seventh Generation, Baby Laundry Liquid
- Seventh Generation, Free and Clear All Purpose Cleaner
- Seventh Generation, Free and Clear Dishwashing Liquid
- Seventh Generation, Free and Clear Glass and Surface Cleaner

- Seventh Generation, Free and Clear Laundry Liquid
- Seventh Generation, Natural Lavender Laundry Liquid
- Seventh Generation, Sensitive Care Laundry Liquid

*For additional information about products that might contain **1,3,5-tris(2-hydroxyethyl)-hexahydrotriazine**, go to the Household Product Database online (<http://householdproducts.nlm.nih.gov>) at the United States National Library of Medicine. These lists are brief and provide just a few examples. They are not comprehensive. Product formulations also change frequently. Read product labels carefully and talk to your doctor if you have any questions. These are general guidelines. Talk to your doctor for more specific instructions.
